AZ CORP COMMISSION  
DOCKET CONTROL

RE: MOTION TO INTERVENE in the Application of Tucson Electric Power Company for approval of a new net-metering tariff for future net metered customers and a partial waiver of the Commission's net metering rules.

DOCKET No. E-01933A-15-0100

My name, addresses and telephone number are listed below.

I wish to intervene in the application for a new net-metering tariff. I have been promoting solar energy adoption in Southern Arizona since 1998, and I have solar energy systems on my personal residence and my business. I am the owner of Technicians for Sustainability, which employs approximately 32 people in Tucson, and has installed over 1,000 solar electric systems in the TEP service territory to date. My primary interest in this application is to advocate for appropriate and beneficial access for Tucsonans to distributed solar energy systems. I feel that the future quality of life in my community will be significantly affected by the decisions regarding net metering changes.

I hereby certify that a copy of this Request for Intervention has been mailed to Tucson Electric Power Company, 88 East Broadway Blvd., MS HQE910, P.O. Box 711, Tucson, Arizona 85702.

Sincerely,

Kevin M. Koch
